Festival of Faith 2008

Beyond Tolerance

Celebrating Shared Values and Unique Gifts

Get to Know Your Neighbors!

Portlanders practice many faith and spiritual traditions. To promote peace within our local communities, we must do more than just learn about other faiths... We must develop more than just tolerance for differing points of view... We must develop genuine appreciation and respect for the different faiths and traditions of our neighbors.

Many ways to engage, promoting understanding and respect:

- Religion 101 workshops
- Information tables & opportunities to interact with representatives of 24 different faith groups and action organizations
- Discussions & Dialogs
- Music, Dance & Art
 - The Marilyn Keller Trio
 - Dances of Universal Peace
 - Interactive Group Mural
